CHAPTER 43—PUBLIC TRANSPORTATION PROGRAMS FOR NATIONAL PARK SYSTEM AREAS

Sec.	
2301.	Congressional statement of findings and purpose.
2302.	Transportation service and facility programs.
2303.	Transportation projects.
2304.	Procedures applicable to formulation and implementation of transportation plans and projects developed pursuant to plans.
2305.	Report to Congress; contents.
2306.	Authorization of appropriations; availability of amounts.

§ 2301. Congressional statement of findings and purpose

(a) The Congress hereby finds that—

(1) the purpose of the National Park System is to preserve outstanding natural, scenic, historic, and recreation areas for the enjoyment, education, inspiration, and use of all people;

(2) units of the National Park System have recently been established near major metropolitan areas in order to preserve remaining open space and to provide recreational opportunities for urban residents (many of whom do not have access to personal motor vehicles); and

(3) circumstances which necessarily require people desiring to visit units of the National Park System to rely on personal motor vehicles may diminish the natural and recreational value of such units by causing traffic congestion and environmental damage, and by requiring the provision of roads, parking, and other facilities in ever-increasing numbers and density.

(b) The purpose of this chapter is to make the National Park System more accessible in a manner consistent with the preservation of parks and the conservation of energy by encouraging the use of transportation modes other than personal motor vehicles for access to and within units of the National Park System with minimum disruption to nearby communities through authorization of a pilot transportation program.

(Pub. L. 95-344, title III, §301, Aug. 15, 1978, 92 Stat. 477.)

§ 2302. Transportation service and facility programs

(a) Formulation and implementation of plans and projects developed pursuant to plans

The Secretary of the Interior (hereinafter referred to as “Secretary”) is authorized to formulate transportation plans and implement transportation projects where feasible pursuant to those plans for units of the national park system.
